the zoo!

NEW  
TIGER

Hi,

I'm at London Zoo with my friends, Claire and Ben.

We can see lots of different animals. Some are mammals. Mammals have got hair and fur and are warm blooded. The elephant has got very big ears and long tusks and the giraffe has got a long neck. They are both mammals.

There is also a tortoise at the zoo. A tortoise is a reptile. It has scales and lays eggs.

London zoo is closed for one day every year. Can you guess when?

Hi,

I'm at the Tiger Street Club with Nasim and friends. We come here after school every day.

At the club there are lots of different things to do. We play card games, listen to music, read books, use the computers and speak in English. We also work on amazing projects and learn new things together! Today Nasim and I are painting a poster for the club. Isn't it great?

What do you like to do after school?

goes around  
town!

NEW  
TIGER

Hi,

I'm visiting London with Nasim. We are having a great time!

There are lots of things to see and do. There are museums and lots of shops. London is very big so we have to look at a map to find things.

We also have to travel by bus. The buses in London are red and the taxis are black. Tomorrow, I'm going to take the Underground. It's quicker!

How do you travel around town?

# NEW TIGER

wants  
a job!

# NEW TIGER

Hi,

I'm in the street with Ellie and Ben. We are doing jobs we like for the day. I'm a police officer. I'm wearing a police hat and a badge. I'm helping people in the street.

Ben is a chef in a restaurant nearby. Today he's making pizza and he's wearing a white hat. Ellie is an artist. She paints in the street so people can see and buy her pictures. They are fantastic!

In the street there are people with other jobs. There's a pop star, a photographer, a window cleaner, a carpenter and more... What job do you like best?
